# WELCOME

## **Good luck to all 63 teams participating in the Maryland Destination Imagination Virtual Tournament!**

Thank you to all the team managers, school sponsors, educators, administrators, regional directors, challenge masters, appraisers, board members, volunteers, and parents for your efforts that made this virtual tournament possible.

The top four Elementary Level teams, the top four Middle Level teams, and the top four Secondary Level teams will advance to Global Finals this summer.

### **New to DI? Welcome!**

We are glad you are here! There is no better way to understand the Destination Imagination Challenge Experience than to see it in action. To get the most out of this tournament, here is what we suggest:

- Watch at least one Presentation in every Team Challenge. They are available on our MarylandDI.org website. Each Team Challenge is unique and has open-ended requirements, allowing teams to create totally different solutions from one another. Read through the Points of Interest so you know what you can expect to see. Each Presentation is around five minutes in length in our virtual format.
- Look at the props, costumes, video editing and more that the teams have created! Remember that everything you see was scripted, designed, and crafted by the team members with no adult Interference.
- Talk to teams, parents, and volunteers about their experience with this season of Destination Imagination. Ask them to share their favorite thing about DI—you will be amazed by the different answers you hear.
- Have fun, be inspired, and imagine the possibilities!
